

Local and Personal.

Frank Allen is visiting Kingman.
 Reuben Wright has gone to Hackberry.
 Miss Lizzie Orm has gone to Chloride.
 Capt. Hardy will leave tomorrow for Phenix.
 Dick Eshom is up from the Big Sandy this week.
 Joe A. Carrow is up from the Big Sandy after supplies.
 This is the season of the year to set out shrubs and vines.
 The cottonwood trees are beginning to don their summer clothes.
 Clean up your back yards before the warm weather comes on.
 Little Gracie Ziemer, we are glad to chronicle, is able to be about again.
 Mrs. J. C. Wilson, of White Hills, has been visiting in Kingman this week.
 A. J. Shrope has closed his saloon on Front street. There are plenty left.
 It is reported that the White Hills school will close on February 1st.
 R. H. Corbett has gone out to the Temple Bar mines on business.
 The snow on the high peaks of the Wallapai mountain is fast disappearing.
 J. H. Johnson is at work pruning his trees and vines on the Oak Creek ranch.
 Frank Maguire is building a large adobe residence on ranch south of Kingman.
 Barney McCall was in from Layne Springs this week with a small lot of rich ore.
 James W. Michael has gone to Hackberry to build a house for William McGee.
 The case of William Larkin against the Bank of Arizona has been continued for the term.
 Fred Leonard and Kit Fisher were in from the U. O. D. mine during the early part of the week.
 Sir Walter Scott is in town again, having completed his assessment work in Chemsheuevis mountain.
 Jack Maybe is in from the Chemsheuevis mountain, where he has been doing assessment work.
 Rev. Bayard, presiding elder of the Arizona mission, will preach in the M. E. church to-morrow evening.
 Mrs. J. K. Mackenzie is home again after an extended visit with the family of Samuel Crozier at Truxton.
 Good roads are a necessity throughout the land and especially in Mohave county good roads are woefully needed.
 Miss Mary Gross, who has been in Kingman several weeks, returned to her home near Mineral Park last Monday.
 W. F. Falder, the barber, contemplates a visit to Needles in search of health. His brother, P. M. Falder will look after the shop during his absence.
 Western Lodge, Knights of Pythias, installed officers last Tuesday night. The new officers are from among the younger members of the order and we expect to hear good results from them.
 A freight was wrecked last evening below Drake, seven coal cars going into the ditch. The accident was the result of a broken journal. The wreck was cleared away and trains delayed but a few hours.
 We are glad to learn that the supreme court of Arizona affirmed the decision of the lower court in the case of Matt Carr against the Arnold Company. Mr. Carr earned his money and should have been paid long ago.
 The supreme court in the case of Harley Fay against R. T. Root and others, reversed the decision of the lower court. We are sorry Mr. Fay loses this case, as he did his part of the work in good faith and ought to have been paid for it.
 The postoffice at Campbell and the mailroute leading thereto have been discontinued. This is another of the economies of this economical administration. Campbell supplies nearly one hundred people with mail and the discontinuance of route is a crying shame.
 If the road overseer would put in a few days work on the streets of Kingman he could make a decided improvement. The memory of man runeth not to the time when an overseer did a day's work on a street inside the town limits. We suppose it is because some person might catch him at work, you know.

Lee Kayser was in from the Big Sandy this week.

The Gold Bug mill is pounding out lots of bullion.

J. W. Emerson has his new residence on South Front street well under way.

The school house is fast nearing completion. Painters are now at work decorating the cornice and casings.

Morgan Jones was in from Cerbat after supplies a few days ago. Owing to the illness of his father work on the O'Fallen mine has been progressing slowly.

If rain does not come soon the ranges of this county will show up nearly as many dead cattle as live ones. It is now a year since any rain of consequence fell in the county.

The Knights of Pythias of Kingman contemplate giving the drama of Damon and Pythias in the near future. The play is a strong and beautiful one and we hope the boys will put it on the boards.

The editor this week received an inquiry from Los Angeles for a large deposit of silica contiguous to the railroad. Does any one know of such a deposit. If so, please notify this office at once, giving full and complete information in regard to it.

O. E. Kuencer and family left for St. Louis on Tuesday's train. Mrs. Kuencer will continue on to Jackson, Michigan, where she will remain for several months. Mr. Kuencer will return home as soon as he has transacted his business in that city.

Let us boom our county and mines as they deserve. Once get capital coming our way and the fortunes in our mines will do the rest. No country on the face of the earth has produced the amount of money turned out by Mohave without attracting greater attention.

Mrs. Laura Johns, the talented women's rights advocate, will give two lectures in Kingman on the evenings of March 21 and 31. Mrs. L. C. Hughes will accompany Mrs. Johns and will speak. Everybody should turn out to hear these talented ladies.

The show Wednesday night was one of the cruellest of farces ever worked off on an unsuspecting public. We don't wish Mr. Barlowe any bad luck, but we do hope some one will club him into insensibility in the first act in the next town he tackles. Rho Lorraine's six bit smile haunts our young men still.

Dr. Knight returned from Mineral Park last night, where he had been called by the serious illness of Paddy Dwyer. He left Mr. Dwyer resting easy, but entertains no hope for his recovery. Poor Paddy! Honest old heart! how your many friends will mourn should the black angel, death, carry you away.

A Piste Indian was shot and instantly killed by a drunken member of the same tribe, on the 20th of this month, near El Dorado Canyon. The murderer escaped in the direction of White Hills and has not yet been captured, although many members of the tribe are hunting him. If they catch him he will be shot.

At the show the other night: The fair girl sat at his side the essence of innocence and grace. The man on the stage was appealing to Rebecca not to throw up her fifty cent dinner. A radiance came over the girl's sweet face, like the halo of morning's sunrise and leaning toward her partner, she was heard to whisper: "Tickle me, Charley; I do so want to laugh."

The homestead contest, wherein John H. Smith filed an adverse claim to the homestead entry of J. N. Cohenour, was decided by Register H. C. Ross in favor of J. N. Cohenour. Mr. Smith has filed notice of appeal to the general land office. E. M. Sanford was attorney for Mr. Cohenour. Every point made by Lawyer Sanford was well taken by the Register.

W. G. Blakely and A. Ver Mehr have just returned from Gold Basin, where they have been to inspect the purchases of the Scotch syndicate. Mr. Ver Mehr has been looking out an available road to the Basin from Kingman and thinks he has discovered an available pass in the mountain that will cut off a great many miles of hauling over soft and sandy roads. We hope our people will help him to grade the new road through the pass beyond Thompson's ranch. A great deal of the money that goes into the road fund of this district should be made available for this purpose. Kingman cannot have too many roads leading into the mining regions of the county.

Mines and Mining.

Silver..... 67 1/2
 Copper..... 10 75
 Lead..... 2 90

Good ore is being taken from the Ferraris lease on the Cupel mine.

William Carleton and Charles Clinton are at work assorting the dumps of the Prince Albert mine at White Hills.

The Blakely mill at Cerbat will be started up again next week, there being no danger of a further freeze to interfere with the water pipes.

Tobe Wilkinson was in from the Jonathan and Etta mines this week. He reports the mines looking splendidly and that good ore is being taken out.

William Clark and Amos Job are in from the C. O. D. mine with a carload of good grade ore. Mr. Clark is always a successful leaser on the C. O. D. mine.

Music mountain mines are liable to fall into the hands of Los Angeles capitalists. A number of experts have been out to look at the properties lately.

Mike Scanlon and William Carey have six or seven valuable gold mining claims close to the river, in Lost Basin. Capital might find profitable investments there.

John Jamison and J. H. Sample had seven tons of ore from the Oro Plata mine worked at the Kingman sampler this week. Mr. Jamison was in town superintending the sampling process.

William Sweeny is one of the lucky leasers on the Norma mine who has made a fortune. He and his partner, Thomas Chidister, are shipping thousands of dollars worth of ore monthly.

Southern Mohave county is to have a boom of large discussion this year. The rich mines of that section are attracting capital and successful investments will attract money that way.

James M. Smith, owner of the Gun-sight, one of the richest little silver mine in Cedar district, was in Kingman this week. He says everything in the Cedar country is looking nicely.

James Rosborough and John C. Potts have formed a mining partnership and have outfitted James Dixon and L. Kimmerly to work several promising locations in Peacock mountains.

The Theis smelter at Chloride was blown in last Monday and is now turning out large quantities of base bullion. Mr. Theis deserves great credit for his indefatigable efforts to make a success of smelting in this county.

E. Ellibee has uncovered a splendid body of rich ore in his mine in the Chemsheuevis mountain. Mr. Ellibee has been at work on the property for nearly two months past and is now receiving his reward in the shape of a rich gold output.

Since Supt. Van Nstrand was asked to step down and out George Freaser has been the acting superintendent of the Cedar Valley Mining Company. Only fourteen men are at work on the mine now, but this number will be increased many fold in the near future.

John Barry brought in a carload of concentrates from his mill at the Minnesota mine, a few days ago, and sold them to the Kingman sampler. He is now working fourteen men on the mine and is taking out lots of rich ore. In the south drift he has encountered a large body of high grade sulphide ore.

A. S. Barney, secretary of the Marie mining company, has commenced an action against Monaghan & Murphy, of Needles, for \$50,000 for false imprisonment and the recovery of several valuable mining claims in Marie camp, near El Dorado Canyon. The case promises to be an interesting one and will be a great drawback to what promises to be a rich gold camp.

Kingman Sampling Works.

The following lots of ore were worked at the Kingman sampler this week:
 J. W. Genett, two tons from Oro Plata.
 Jamison & Sampler, 7 tons from Oro Plata.
 Nelson & Co., two tons from Buckeye.
 Frank Allen, one lot from Layne Springs.
 Burney McCall, one ton from Night hawk.
 Chidister & Sweeny, two car loads from Norma.
 Shipped 3 cars to Pueblo.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

The mines of San Francisco district will probably be worked extensively within the next six months. The owners of some of the claims have collected enough money into the treasury to block out ground and build reduction works. The Rattan-Roth mines are among the best and we are informed that negotiations are now pending whereby the mines will be worked for all that is in them.

Charles Pickenbach, the superintendent of the Gold Basin group of mines, has completed a preliminary survey on all of them and is preparing to commence exploitation on a grand scale. Many miles of pipe will be put in to concentrate the water from many springs at a suitable mill site, where the ores from all the mines will be reduced.

Rev. G. N. Worthen, the temperance evangelist, is holding a series of revivals in Kingman. The press of the country speak of him as a most worthy gentleman and interesting talker. He will give another of his temperance talks in the M. E. church to-night and will hold services in the church to-morrow morning at ten o'clock.

A Mr. Ives, of New York, is looking out a route for a canal from the Grand Canyon of the Colorado. The father of this gentleman was with the first exploring party under Major Powell.

Social dance at the Lake Hall to night.

To the People Of Mohave County.

We are pleased to state that our inventory just completed shows satisfactory results from our last year's business. We have done well and we owe our success to our friends and we trust that we have repaid them to some extent by the course we have taken in keeping prices down to a living basis. With our year's gains added to our capital on commencing business, we are placed on a footing second to none in the county, but squarely in the front rank, which will enable us to buy at the lowest possible prices and we assure our friends that we will not be underbid in anything. We invite your attention to our complete line of merchandise. Examine same and get our prices before purchasing elsewhere. Our stock of hats, shoes, boots, clothing, furnishing goods, and notions will suit you and the prices are bed rock. Thanking you kindly for your favor in the year gone by and hoping to receive your continued support,

We are yours truly,
 GADDIS & PERRY

Come and See Us.

Every person knowing themselves indebted to the MOHAVE COUNTY MINER must settle their accounts in full before the first day of July. We must have money and now is the time to bring or send it in.

ANSON H. SMITH.

For a pain in the chest a piece of flannel dampened with Chamberlain's Pain Balm and bound on over the seat of the pain, and another on the back between the shoulders, will afford prompt relief. This is especially valuable in cases where the pain is caused by a cold and there is a tendency toward pneumonia. For sale by
 H. H. WATKINS,
 Druggist.

A Great Blessing

My wife and I have found in Hood's Sarsaparilla. She had rheumatism very severely, with swollen and legs badly swollen, and hardly able to get up and down stairs without help. Many other remedies failed, but Hood's Sarsaparilla entirely cured her. It was only shortly after that I was taken with the same complaint, a swelling of my limbs and hips, so I just tried the same medicine with the same result. My wife and children take Hood's Sarsaparilla whenever they feel the need of a medicine and it immediately makes them feel better.

Hood's Sarsaparilla

Saves me doctor's bills. I am an engineer, and well known in this locality. Q. W. WYATT, White Lead Hill, Indian Ter.

Hood's Pills easy to buy, easy to take, easy to effect. 25c.
